**INFORMATION FOR MENTOR**

In the educational methodology for this programme, there is a planned arrangement of periodic interactions in Work-Learning Environment. Your employer's cooperation is sought in creating a Work-Learning Environment at your own organization through guidance to the employee-student by one of the senior officers who would be designated as a Mentor. Such an arrangement would involve four to six hours per week, at most, by this senior officer. The basic role of the Mentor will be to assist the BITS Faculty members in carrying out the academic responsibilities by functioning as a resource person providing valuable guidance based on his/ her professional expertise. The salient features of the Mentor's role are summarized below.

1. Each course conducted with a deadline specified for completion of study of a topic based on the syllabus of the course. Mentor is expected to monitor that the candidate is adhering to the specified study schedule.
2. Each course will have certain evaluation components with specific deadlines. Mentor should again ensure whether the candidate is adhering to these deadlines.
3. To ensure a good relationship between the course and the work of the employee, Mentor may identify study assignments based on the work allocated to the candidate apart from conducting seminars / viva and giving an objective opinion about the progress of the candidate in these components.
4. The Mentor will interact with the student at least thrice a week on mutually agreed days. The Mentor will periodically inform the Dean concerned at BITS Pilani regarding the candidate's progress.
5. During interaction, the Mentor will emphasize self-study and self-learning aspects of the educational process.
